

Al Noor Credit Card Campaign

In Ramadan 2009, Al Noor Training Centre launched its Credit Card Campaign. Through this campaign we wish to create awareness about special needs and get the community involved in the Centre's fundraising activities. By giving individuals the option of making a small donation on a monthly basis, Al Noor has made contributing affordable and convenient. By doing so, we hope to gather support from more members of the community.

The key objectives of the campaign are as follows:

1. To gather community support to create a sustainable source of income for Al Noor Training Centre
2. To combat the budget deficit created by the current economic landscape
3. To enlarge Al Noor circle of supporters from the community
4. To create awareness about special needs in the community
